“ The Tucker brothers have worked on our cars for years. They always did an amazing job. We also stayed to talk, and enjoyed our talks and seeing mom. Recently, he started working on our bikes and did an amazing jobs bringing them back to life. Alan was always positive and thoughtful. He called just a few weeks before his passing, just to say hello. He will be missed.

“ Mr. Tucker was a faithful user of the Louisville Free Public Library. The last time he picked up items we talked. I told him I was glad to see him. Because of COVID 19 we didn't see our patrons as often. He came in ever week. Over the years we talked of his love for different TV shows. He told me about "The Big Bang Theory." I told him I had seen it in passing channels. He said, "you must watch it from the beginning because it is really funny." I did watch it and did like it. He will be missed. My deepest condolences to the family.

“ Mr. Tucker was a regular at our library branch and was always pleasant and friendly to everyone. I knew one of our older patrons who needed a bike to get around, and Mr. Tucker got me the info to share with that man to help him get and maintain his bike. We were all sorry to hear that Alan had passed on. please know you are in our prayers. God bless and comfort you.
